Your Portal To Downloading Ebooks & Audio Books (9/1/11)

(2nd) Installation Tips:

This is just a general idea as to what is necessary. To get a better understanding of the whole process, visit nassau.lib.overdrive.com and click on Quick Start Guide on the top right header of the home page.

1) eBooks from an Android/iPad/iPhone:

- a) Install Overdrive Media Console from the Market / App Store.
- b) Run Overdrive Media Console and follow instructions on screen

Tip: If you don't have one, it's easier to create an Adobe ID from a PC/MAC then going back on your eBook device after you signed up to enter it onto your eBook device.

2) eBooks from a PC/MAC or nook and others eBook readers:

- a) Install Adobe Digital Editions on your PC/MAC from www.adobe.com/products/digitaleditions.
 - o Near the end of the install it will ask you to activate using your Adobe ID. If you don't have one, you will have to click on "Get an Adobe ID" to activate your computer to share downloadable media with Nassau Digital Doorway. If you choose not to activate the Adobe Digital Editions then items downloaded to your computer won't be able to be accessed on other devices.
- a) Go to nassau.lib.overdrive.com from your web browser.
- b) Find the eBook you'd like to read on the website and click "Add To Cart".

- c) Continue searching, otherwise click "Proceed To Checkout"
- d) Choose "Plainedge Library" from the drop down listing.
- e) Type in your barcode located on the back of your library card.
- f) Click "Confirm Checkout" then click "Download" underneath the book of your choice that you added to your cart.
- g) Click Open to read it and have it saved to your computer
- h) OPTIONALLY: You may click the bookshelf icon on the top left of Adobe Digital Editions to drag your new downloaded book to your portable eBook reader (Nook, etc.)

IMPORTANT: First time hooking up your device to the PC/MAC will ask you to authorize your device. Confirm this and follow any steps necessary as instructed to do so.

2) Audio Books from an Android/iPad/iPhone:

- b) Install Overdrive Media Console from the Market / App Store.
- c) Run Overdrive Media Console and follow instructions on screen

Tip: If you don't have one, it's easier to create an Adobe ID from a PC/MAC then going back on your eBook device after you signed up to enter it onto your eBook device.

3) Audio Books from a PC/MAC or other mp3 devices:

- a) Install overdrive media console to your PC/MAC from this website: www.overdrive.com/software/omc
- b) Go to nassau.lib.overdrive.com from your web browser.
- c) Find the Audio Book you'd like to read on the website and click "Add To Cart".
- d) Continue searching, otherwise click "Proceed To Checkout"
- e) Choose "Plainedge Library" from the drop down listing.
- f) Type in your barcode located on the back of your library card.
- g) Click "Confirm Checkout" then click "Download" underneath the book of your choice that you added to your cart.
- h) Click "Allow" to let it get through your firewall if you have one setup. Click "OK" to the location dialog.
- i) Choose how much of the book you want to store on your computer by putting checkmarks on the parts you want to save to your computer, if you have space usually make sure all parts of the book are checked off. Click "OK"
- j) Now you can click on your audio book in the Overdrive window to listen to it
- k) OPTIONALLY: You can click "TRANSFER" on the top menu to follow the instructions to put it on your portable audio device.
